**Tasting notes:** The limited edition Individo Rara Neagra Rose shows how much value we should give to this native variety. The variety itself is still a mystery: every year there is something new to discover and taste. The wine itself is an experiment conducted by the winemaker of Château Vartely, who has tested his winemaking skills to present a new facet, a new side of Rara Neagra.

Remarkable freshness and fruitiness, aromatic, with a balanced and fresh taste of redcurrants and ripe pears.

**Food pairings:** Salads, Asian dishes, pasta and cheeses
